

Are you an allied health professional looking for a location to practice?

Dear allied health professional,

We are excited to be offering our clinic as a location for you to set up shop! Our clinic is located in the heart of Oakville near Trafalgar Rd. and Lakeshore Rd. This location is ideal for any health practitioner as it is close to highway 403/QEW and walking distance to Lake Ontario.

Our clinic has many potential rooms to work out of throughout the entire week or weekend. As long as you have your own clients, we can offer you a place to work, a waiting room for patients, and an opportunity for our physicians to help refer our client base to you.

We are prepared to offer an allied health professional the above for a percentage of your fees accumulated in a month for overhead. We are open to negotiation and open to any offers from allied health professionals.

If you are interested, please reach out to our email:
lakeshoremicalgroup@gmail.com

We look forward to hearing from you soon!

Dr. Joshua O'Connell

Interim Clinic Manager

345 Lakeshore Road East, Suite 502
